DECLARATION OF CONFORMITY

The purpose of this questionnaire is to inform you about the protection measures against the risk of contagion of **COVID-19** taken by the company, as well as to collect your agreement and commitment to comply with them.

The sanitary protection measures implemented follow the protocols and recommendations of good practices issued by the main sanitary instances in the world of diving. You can read the entire document (requesting it by email on our website). **The following is an excerpt from the main points:**

1. The client must complete and sign the responsible health declaration related to COVID-19.
2. Whenever possible, reservations will be made by email to info@cir-roses.com.
3. The use of a mask is required to access the interior of the facilities and whenever it is not possible to maintain the safety distance of 2m. Bring your own mask.
4. In the center, available to customers, you will find hydroalcoholic gel at different points.
5. The premises and the boat have a limited capacity. It is necessary to respect this capacity.
6. For this reason, only those who are going to carry out the activity can come to the diving center, without companions who are not duly pre-registered.
7. We have implemented a specific cleaning and disinfection system, which implies a series of restrictive measures for access and use of the facilities. The specific indications will be posted in each area.
8. If you use your own equipment, it must be cleaned outside the CIR facilities.

Date:	Signed in accordance:
